UK MILL

#### Product Description

The complete equine feed supplement, Rowen Barbary Vitem supplies 12 vitamins, 6 trace elements plus 4 major minerals to help enhance the vitamin and mineral balance in your horses diet.

Ideal for horses and ponies that are prone to weight gain requiring a low calorie diet and to help balance the grazing given, Rowen Barbary Vitem will help to 'top-up' the vitamin and mineral balance in the diet to help promote overall health and vitality. Molasses and cereal free with a no starch and sugar content it is also ideal for feeding to horses prone to laminitis and Cushing's syndrome.

Can be fed alongside fibre or added to reduced quantities of other concentrate feed, to help ensure a fully balanced diet. Also works very well when fed alongside Rowen Barbary ReadyFibre Mash to help bulk out the feed and increase chew-time.
